How To Set Condition To Automatically Delete Abandoned Orders After A Particular Number Of Days

Abandoned Cart Recovery Conditions · https://rextheme.com/docs/delete-abandoned-orders-after-x-days/

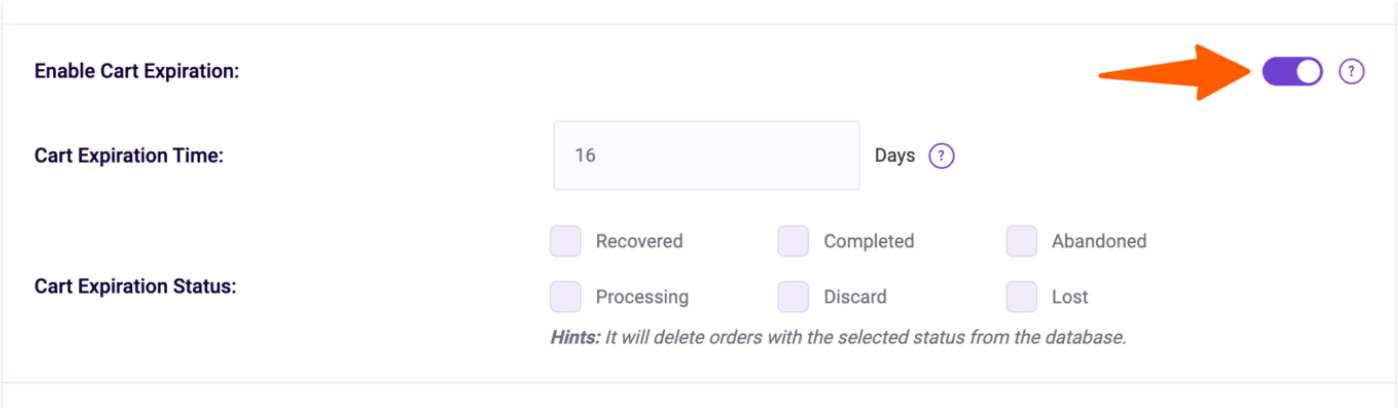

Abandoned orders can clutter your system and affect store performance if left unchecked. To maintain a clean and efficient WooCommerce store, it's helpful to set conditions to automatically delete abandoned orders after a specific number of days.

Cart Lift helps you ensure that outdated carts and incomplete transactions are removed, allowing you to focus on active and potential sales.

In this guide, we will walk you through the steps to set up an automated process for deleting abandoned orders after a chosen timeframe, helping you keep your store organized and running smoothly.

Enable Cart Expiration Option

Go to **Settings > General**, then scroll down a bit and you'll find the option **'Enable Cart Expiration** '. After enabling this option you'll be able to see two additional fields to set conditions for **'Cart Expiration Time'** and **'Cart Expiration Status'**.

Set Conditions For Cart Expiration

You'll need to specify these 2 conditions in order to successfully delete Abandoned Orders automatically.

** Please note that Orders will be deleted with a minimum time limit of 7 days. Also, you'll need to select the status of as well.

That's how easy it is to set conditions in order to automatically delete abandoned orders.
