How to Set Time and Day Based Shipping Conditions in Advanced Shipping

Shipping Conditions · https://rextheme.com/docs/how-to-set-time-and-day-based-shipping-conditions-in-advanced-shipping/

In this guide, I'll explain how to set up time-based shipping conditions in **Advanced Shipping for WooCommerce** plugin by RexTheme.
You can control when certain shipping methods are available based on **Time of the Day** or **Day of the Week**

For example:

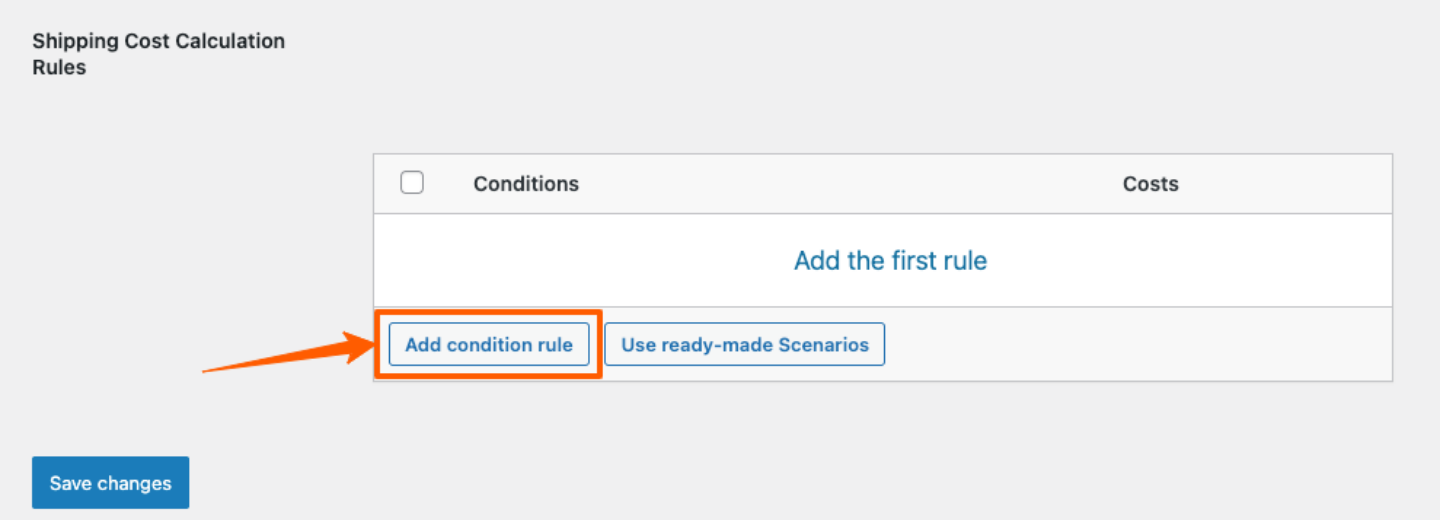
- Enable **Morning Delivery Shipping Fee** only between **6 AM and 8 AM**.
- Offer **Evening Delivery Shipping Fee** only between **5 PM and 9 PM**.
- Apply a **Weekend Shipping Fee** for orders placed on **Saturday or Sunday**.

Time Based Shipping Condition:

1. Go to Advanced Shipping Method Settings

Scroll down and you will get this option to add shipping cost calculation rules.

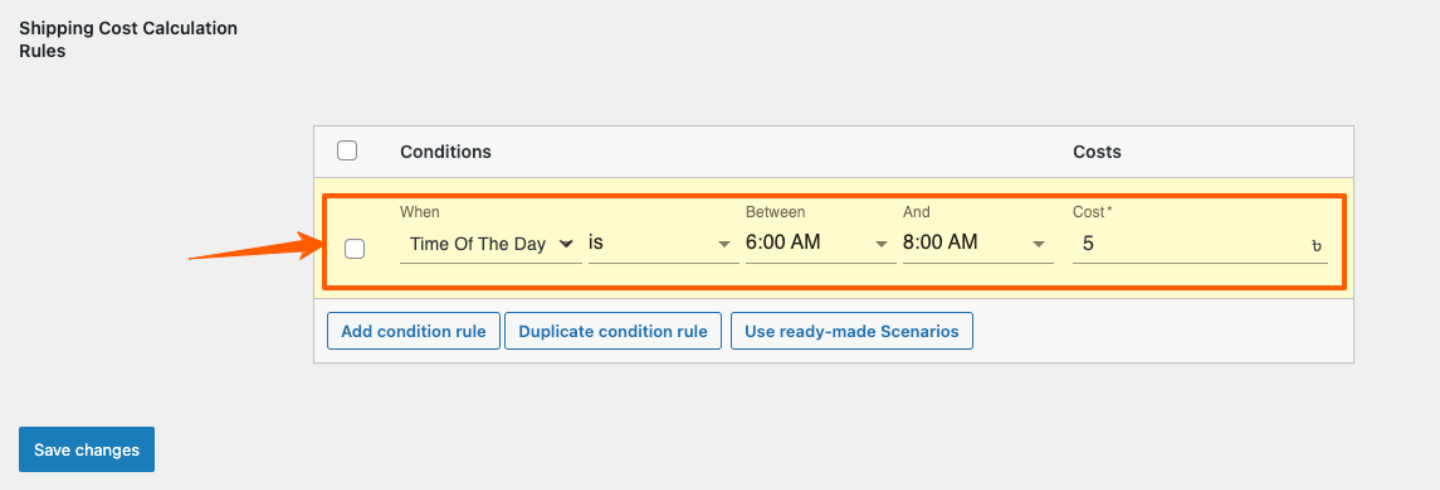
Click on the **Add condition rule** to set the price shipping condition for your WooCommerce store.



2. Select “Time of the Day“ condition by clicking on "When" field.

Select “**is**” to meet the condition.

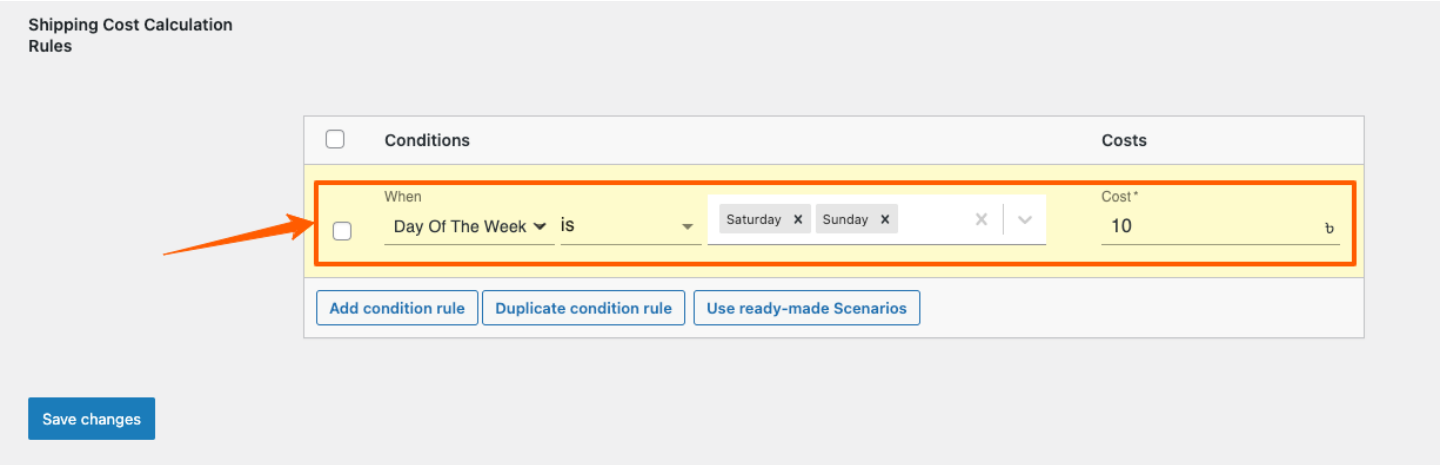
> ***Example 1:*** Lets set a Shipping Condition such that if there are any order to be delivered in the morning between 6AM and 8AM, there is will be an additional $5 Shipping Charge added.



3. You can also select “Day of the Week“ condition by clicking on "When" field.

Select “**is**” to meet the condition.

> ***Example 2:*** Lets set a Shipping Condition such that if there are any orders to be delivered on the weekend (Saturday and Sunday), there will be an additional $10 Shipping Charge added



So, this is how easily you can set your time based shipping conditions for your WooCommerce Stores.
