How to Set City Based Shipping Conditions in Advanced Shipping

Shipping Conditions · https://rextheme.com/docs/how-to-set-city-based-shipping-conditions-in-advanced-shipping/

In this guide, I'll explain how to set up city-based shipping conditions in **Advanced Shipping for WooCommerce** plugin by RexTheme.
You can control shipping costs based on the customer's city, allowing you to offer different rates or options for specific locations.

For example:

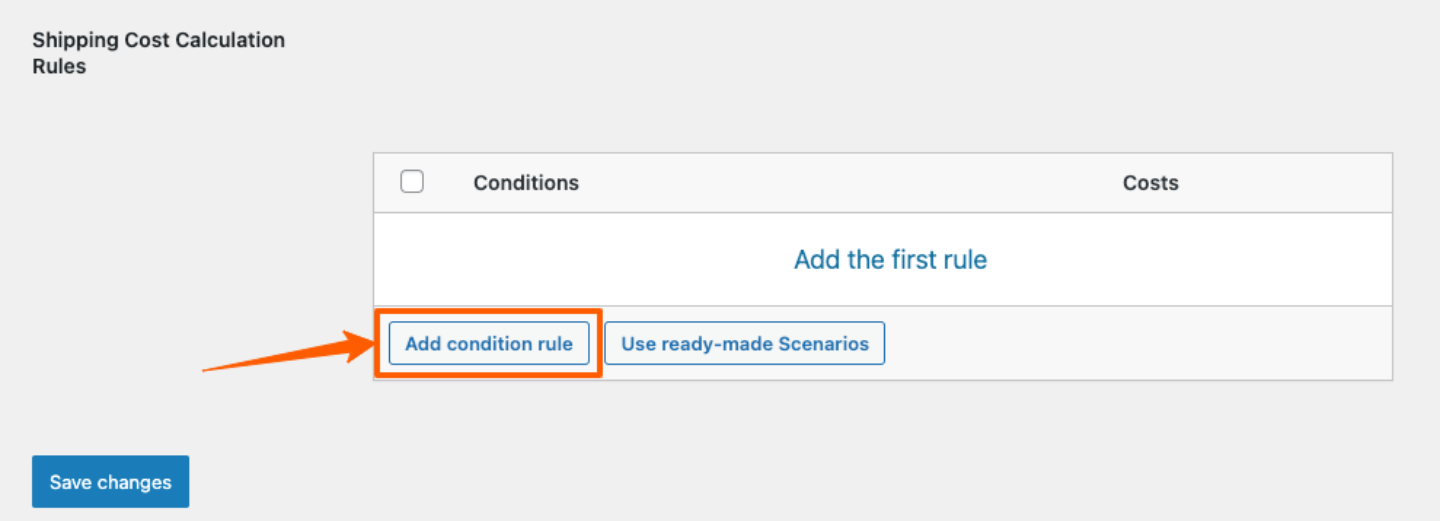

- Charge **$5 extra** for orders going to **New York City**.
- Charge a different shipping fee if the order **is not from a specific city.**

City Based Shipping Condition

1. Go to Advanced Shipping Method Settings

Scroll down and you will get this option to add shipping cost calculation rules.

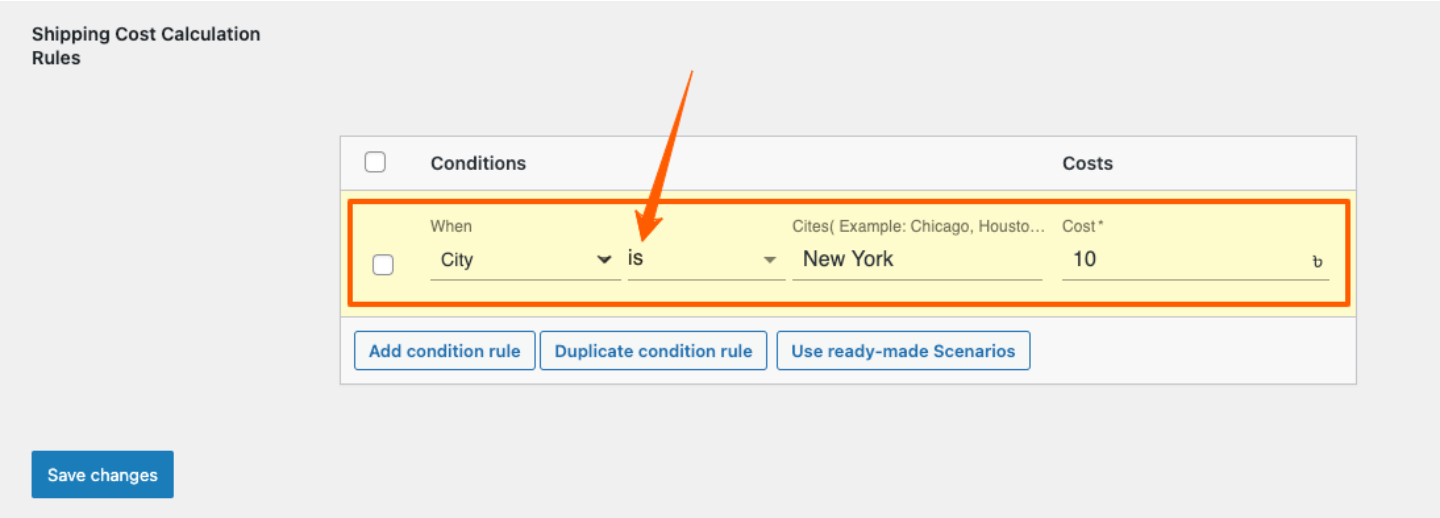

Click on the **Add condition rule** to set the price shipping condition for your WooCommerce store.

2. Now you can select "City" condition by clicking on "When" field.

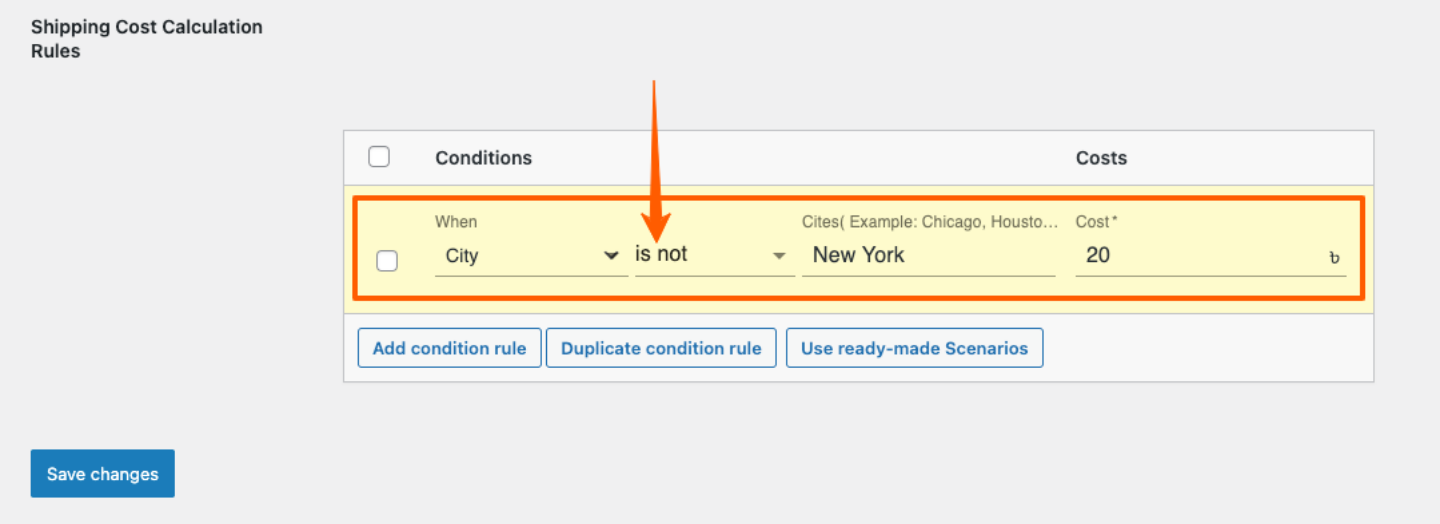

Select “**is**” to meet the condition.

> ***Example 1:*** Lets set a Shipping Condition such that if there are any order to be delivered to **New York City**, there will be an additional $10 Shipping Charge added.

> ***Example 2:*** Lets set a Shipping Condition such that if there are any order to be delivered outside of **New York City**, there is will be an additional $20 Shipping Charge added.

Select “**City**“ condition by clicking on **When** field. Select “**is not**” to meet the condition.

So, this is how easily you can set your city based shipping conditions for your WooCommerce Stores.
